

Inclusion Support Programme (ISP)

Application for Inclusion Aware Certification

The **Inclusion Aware** Project aims to encourage and support all services (long day care, OSHC and Family Day Care) to provide consistent and considered thought to the inclusion of each and every child presenting with a range of needs, abilities, interests and backgrounds.

As a part of the request for tender to the Department of Education and Training, Gowrie SA as the South Australian Inclusion Agency, included a commitment to support all services to reach **Inclusion Aware** status.

Services identified as **Inclusion Aware** will be able to apply broad principles across inclusion areas and will be issued with a certificate to promote to families and stakeholders.

Services will be certified as **Inclusion Aware** when they are able to provide evidence that consistently demonstrates their practices, policies and interactions with children and families and links with their local community are inclusive and actively promoted.

To begin the Inclusion Aware certification, please complete the section below:

Service Name: _____

Address: _____

Director's Name: _____

Your Inclusion Professional: _____

Do you have an active SIP? Yes No

Signature of Director: _____ **Date:** _____
